## PARTS PHOTO

## Installation Instructions

- Park the vehicle on level ground, set the parking brake, and turn off the ignition switch.
- Unfold the cover (1), loosen all straps and undo all clips.
- Locate the front of the cover which has the opening slits for tow straps.
- Place cover over vehicle and navigate it into place

## Installation Instructions

- Loop rear straps through the lower a-arms then clip into cover and tighten straps.

- Pull cover down around rear wheels. Clip lower rear straps together and tighten.

## Installation Instructions

- Connect under side front and rear straps and tighten.

- Congrats you have successfully installed your Genuine Kawasaki Storage Cover!

**NOTE** : *When using the cover during trailering of the vehicle, make sure all straps are tightened down completely and checked periodically.*

*While the cover is UV resistant, prolonged storage in direct sunlight is not recommended as it can fade and degrade the fabric over time.*

*Never apply any load to the cover while installed. Always remove any water, sand, or snow which may accumulate on it during storage.*

### **WARNING**

**In order to avoid risk of injury or damage, always face vehicle in forward position while carrying on truck or open trailer. Failure to comply may cause cover to detach from vehicle.**
